Vocabulary

Teacher Use:

Vocabulary refers to the words that students must know in order to communicate effectively, both orally and in writing. Vocabulary knowledge is crucially important to reading, it supports both decoding and comprehension. In fact, first-grade students' vocabulary knowledge predicts reading achievement in high school (Cunningham & Stanovich, 1997)

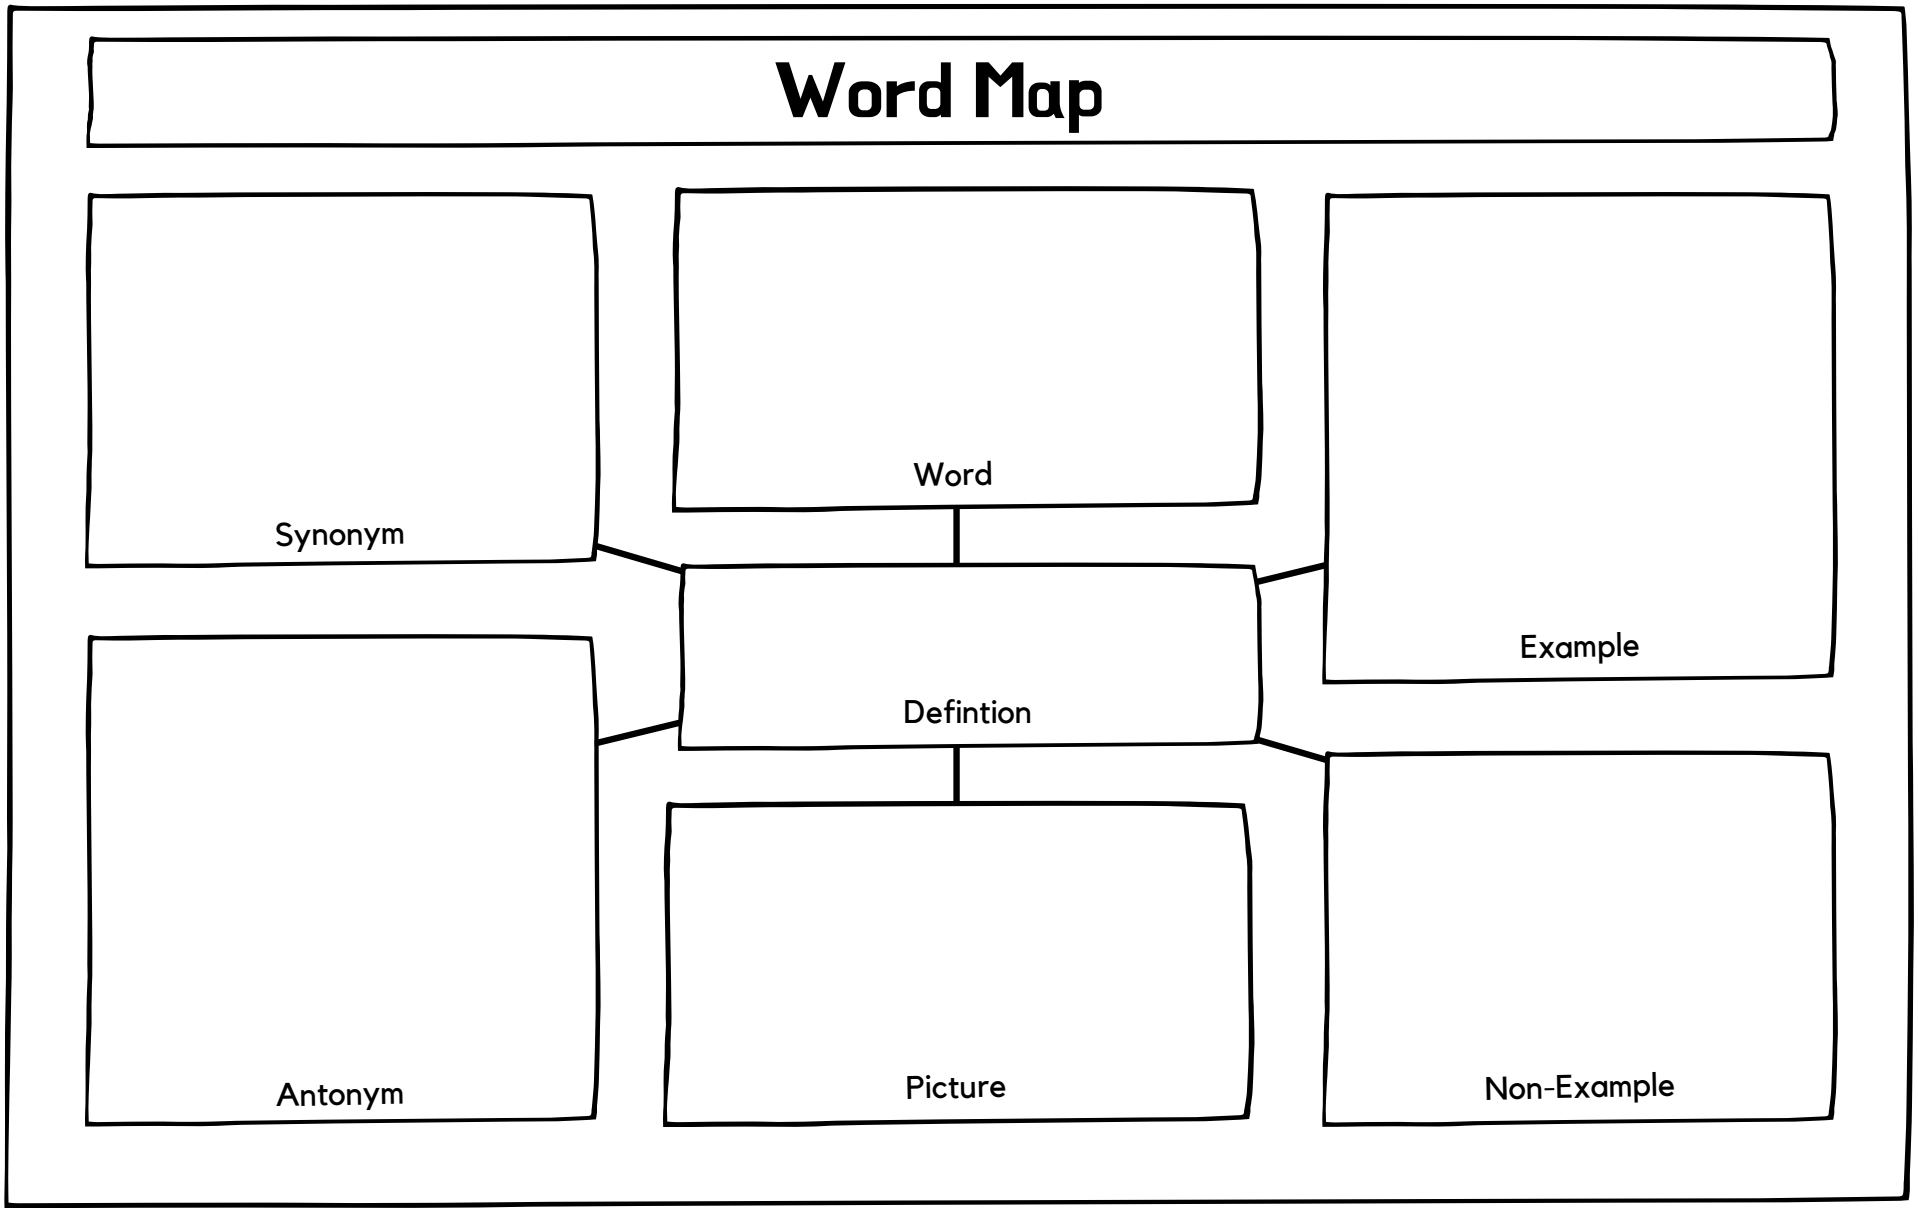

"Vocabulary Graphic Organizer" can be used to help students visualize and conceptualize different types of words. Use this tool to help students connect and organize information as they process the structure and meaning of words.

Three types of graphic organizers are included in this resource.

This resource can be used for instructional purposes. It is important to walk students through the vocabulary work process, so that they can prioritize information.
