THREE LEVELS OF PROTECTION. ONE UNWAVERING COMMITMENT TO SAFETY.

SOTV: ULTIMATE PROTECTION

When Failure is Not An Option

The ND Defense SOTV isn't just armored—it's designed from the ground up for high-risk operations. Built to support security teams, diplomatic missions, and special forces in hostile environments, the SOTV provides unmatched protection while maintaining the mobility to navigate challenging terrain.

Key Advantages:

- Purpose-built from the ground up
- Significantly longer lifecycle than up-armored commercial vehicles
- Can be modified to blend with local vehicle populations
- Independent front and rear suspension with electronic locking differentials
- 250 HP Cummins engine with 590 ft-lb torque
- Multiple armor levels available

THREE LEVELS OF PROTECTION. ONE UNWAVERING COMMITMENT TO SAFETY.

UP-ARMORED: PREMIUM PROTECTION

Runflats | Armored Glass | Ballistic Steel

Wide range of accessories and options

Get elite armored upgrades with overlapped B5 and B6 ballistic steel, ultralight multi-layer glass, and runflat tire protection to stay mobile and secure under fire. Fully customizable with a wide range of accessories and options. Ideal for high-risk zones and mission-critical operations.

Key Advantages:

- B5 & B6 level steel armored overlapped protection
- Ultralight, multi-layer ballistic glass protection
- Runflats armoring so you can drive to safety even after tire damage

THREE LEVELS OF PROTECTION. ONE UNWAVERING COMMITMENT TO SAFETY.

PAK: ESSENTIAL PROTECTION

Core Protection, Ultimate Flexibility

The world's only mobile and detachable ballistic armor system. PAK transfers between vehicles, making it ideal for operations requiring multiple vehicle types or temporary protection upgrades.

Key Advantages:

- Peace of mind with professional-grade protection in under an hour
- Installation requires no drilling or permanent modifications
- Lightweight materials deliver maximum protection at just 110 lbs (50kg) per side panel and 22 lbs (10kg) rear protection
- Protection transfers seamlessly between vehicles

CHOOSE YOUR PROTECTION LEVEL

ND Defense delivers **three tiers of vehicle protection** engineered to keep your people safe in the world's most challenging environments.

SOTV ULTIMATE:

For maximum security in the highest-risk environments

UP-ARMORED PREMIUM:

For sophisticated protection on proven platforms

PAK ESSENTIAL:

For flexible, transferable protection

SOTV = Special Operations Tactical Vehicle

PAK = Portable Armoring Kit
