

Federal IT delivery with small business agility and enterprise depth.

A joint venture of TekStripes LLC and TechnoGen Inc delivering AI, data, cloud, cybersecurity, and enterprise platform services to federal agencies.

SDVOSB Joint Venture

ABOUT TRIGEN

Trigen LLC pairs the set aside eligibility and mission focus of an SBA certified Service Disabled Veteran Owned Small Business with the delivery scale of an SBA certified Women Owned Small Business that has shipped more than 500 solutions since 2003. Agencies contract with one accountable prime and gain two certified quality systems, two complementary technical benches, and a combined record across CMS, HHS, HRSA, DHA, DOL, and NIH.

As a joint venture, every engagement is staffed by the member firms, so the people who built the past performance are the people who deliver the work.

TekStripes LLC

SBA certified SDVOSB. AI, data, cloud, and cybersecurity for government missions. Supports the CMS Health Plan Management System.

TechnoGen Inc

SBA certified WOSB, minority owned, founded 2003. Enterprise platforms, DevSecOps, and consulting across HRSA, HHS, DHA, DOL, and NIH.

CORE CAPABILITIES

- + **AI and Data.** Gen AI assistants, AI/ML analytics, data strategy, governance, warehousing, and BI visualization
- + **Cloud and Platform Engineering.** AWS secure landing zones, cloud native apps, platform modernization
- + **Cybersecurity.** Zero Trust architecture, IAM/ICAM, penetration testing, risk assessment, continuous ATO
- + **Enterprise Platforms.** ServiceNow ITSM/ITOM/ITAM, Salesforce, Appian, Amazon Connect contact centers
- + **Agile Application Development.** Custom software, application modernization, low code delivery, managed services
- + **Program Management and Consulting.** PMO, business process reengineering, enterprise DevSecOps transformation

WHY TRIGEN

01 Eligibility plus capacity

SDVOSB and WOSB member firms in a single prime, with a 500 plus program delivery record.

02 Matched quality systems

Both members are CMMI Level 3 appraised and ISO certified, so standards are consistent across the venture.

03 Complementary benches

TekStripes concentrates on AI, data, cloud, and cyber. TechnoGen adds enterprise platforms and global delivery.

04 Health IT at scale

Direct operating experience on the CMS system that runs Medicare Advantage and Part D plan operations.
