A Healthy Disconnect from Screens

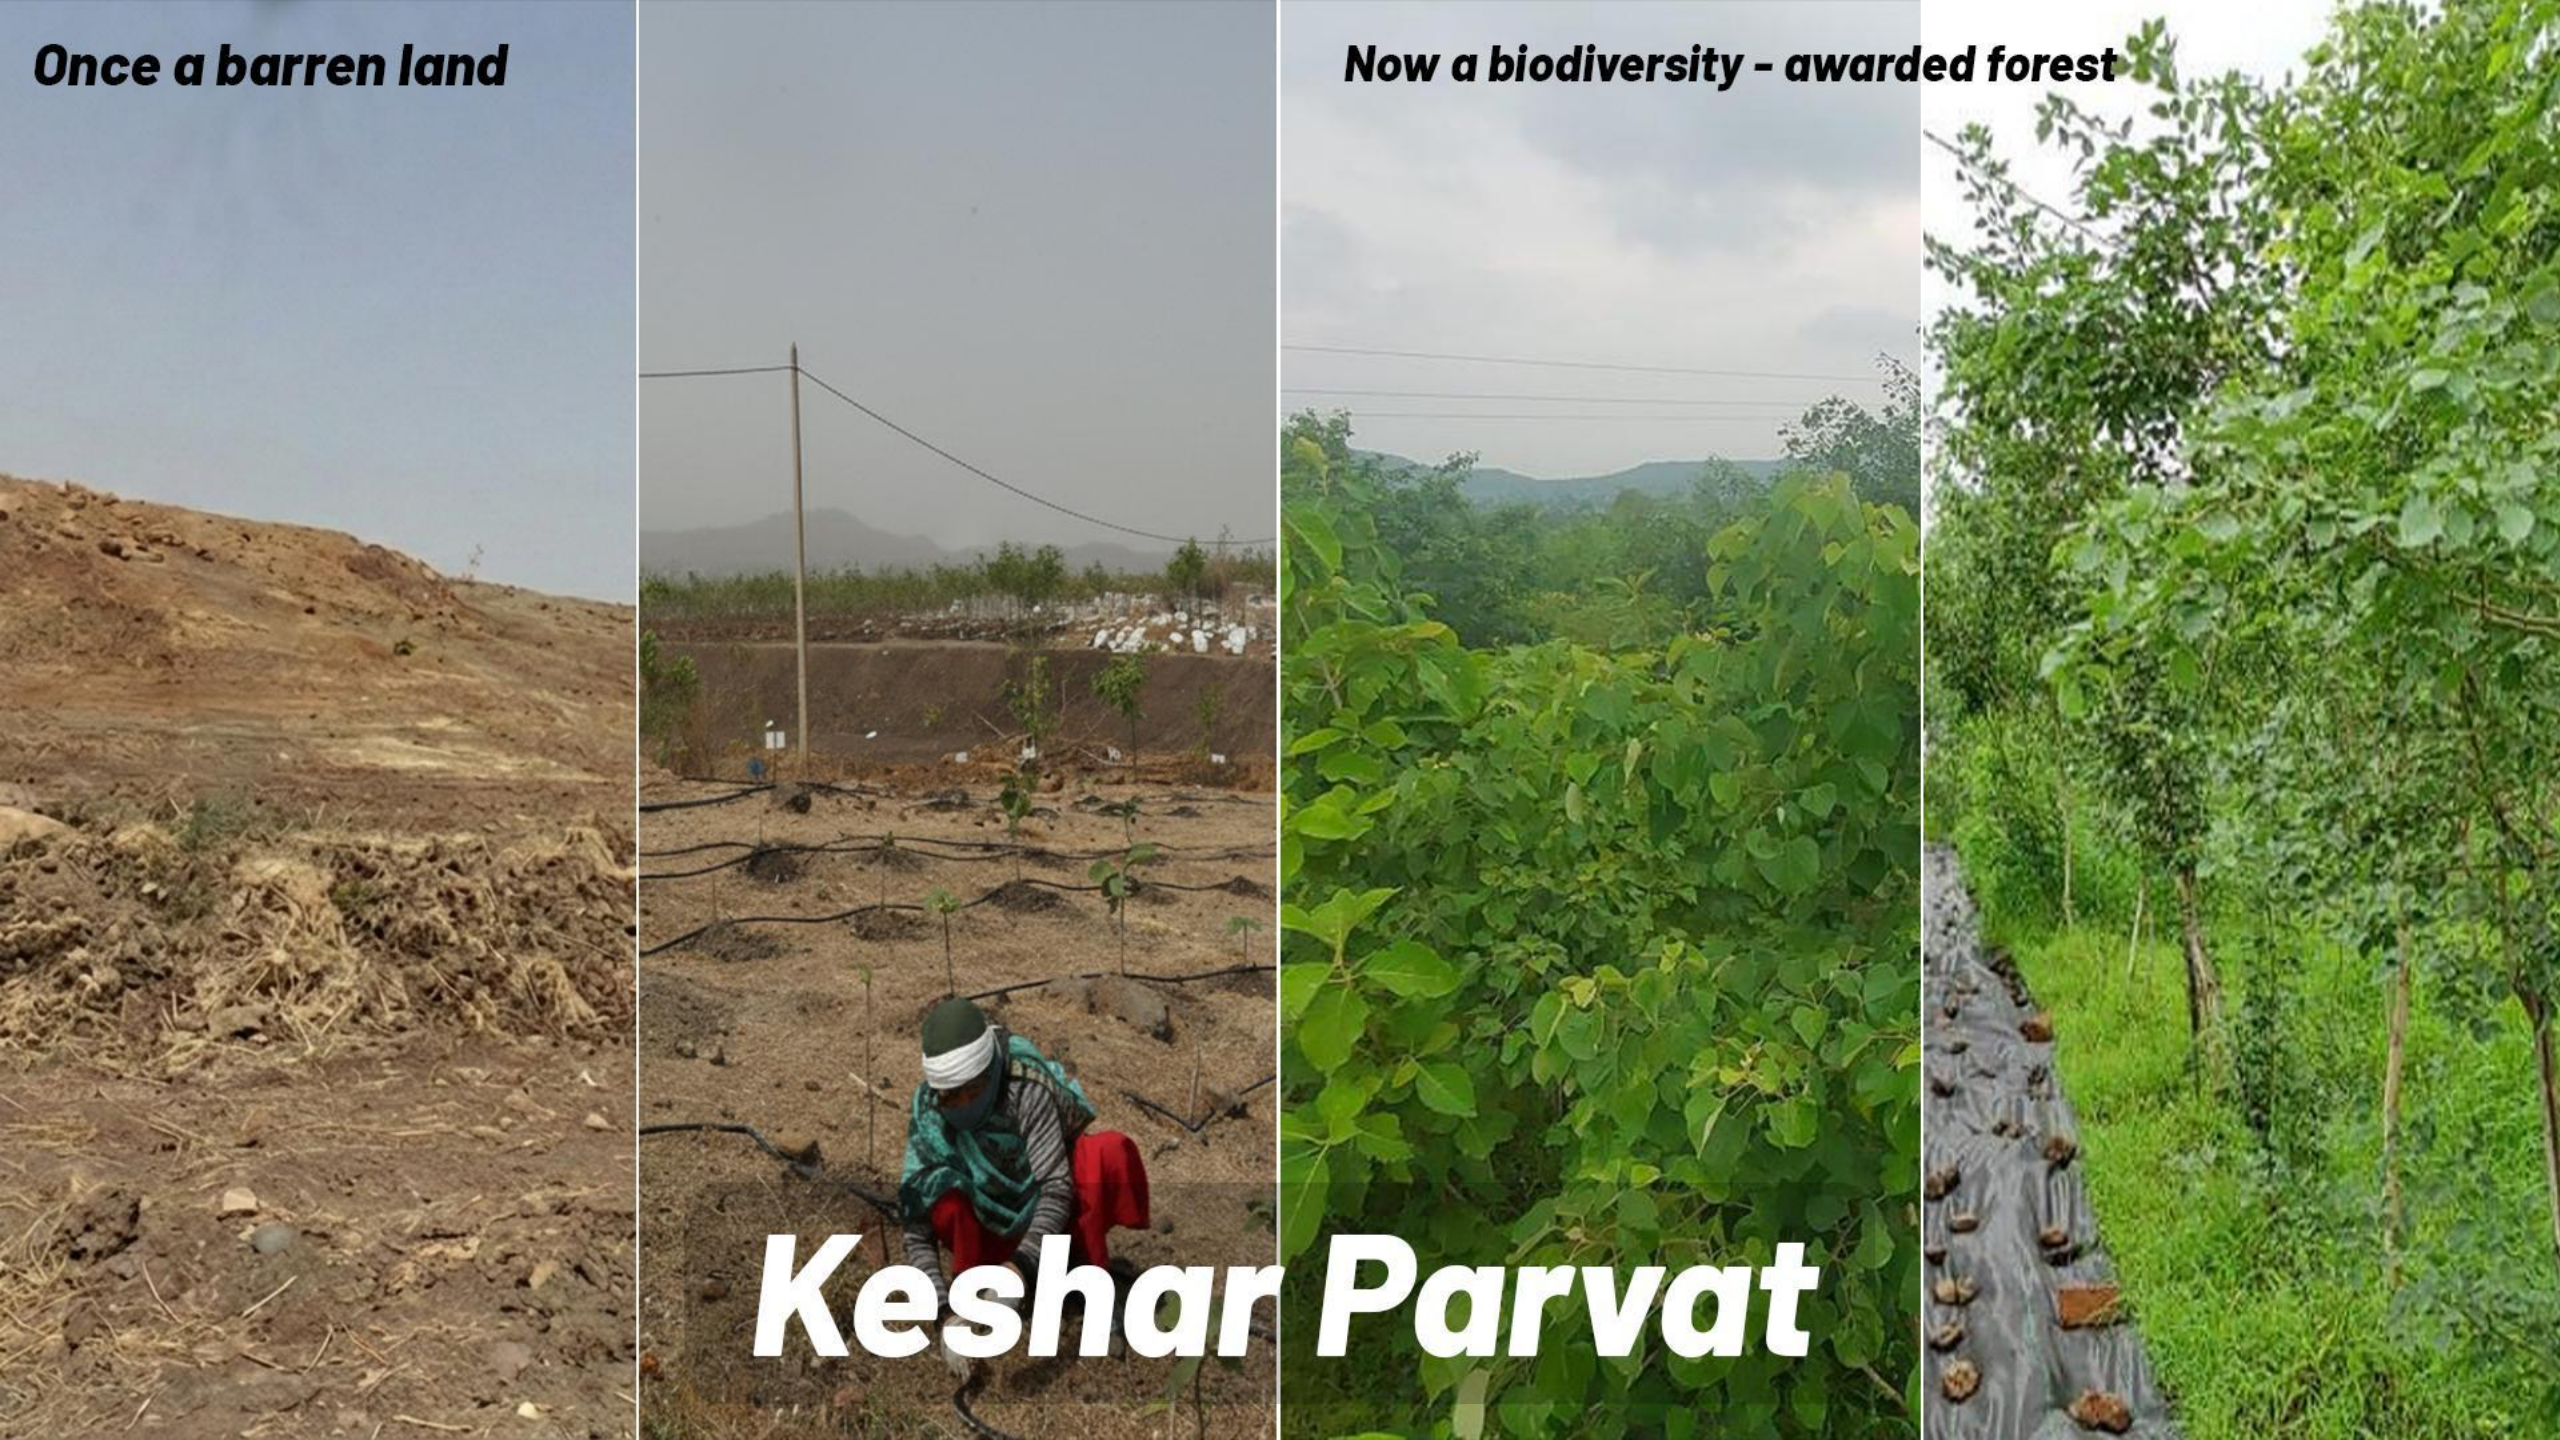

Community & Involvement

The transformation of Keshar Parvat is not just about land — it is about people. We created employment opportunities. from nearby communities. Today, women can be seen working with dedication and confidence, smiling as they contribute to plantation activities reflecting dignity, empowerment, and financial independence.

Once a barren land
Now a biodiversity - awarded forest
Keshar Parvat

OUR STORY - PLANTING A FOREST FROM SCRATCH

AFFORESTATION

Purchased water daily and contributed to the planting of 45,000 Trees at Keshar Parvat for 9 years.

kESHAR PARVAT

Discovered eight years ago, a 25-acre barren hillock in Central India has now become a bio-diversity awarded site.

CONNECTING THE DOTS

Employed local community members to plant trees and support livelihoods..

REVIVING WILDLIFE DESTINATIONS

INSPIRATION

Mahua fruit collection inside the forest started by burning the bushes that led to forest fires. The need was to reduce the dependency of these communities on the forest produce.

SUSTAINABILITY

Delivering innovative, responsible and sustainable wellness directly to people's homes and supporting over 60 communities. The TIGERS ARE BACK.

SOURCING

Traveled across India to source and produce innovative products through forest communities. An ecosystem is being built around the forest.
