

FERREIRA

ARTIST / SONGWRITER / PRODUCER

FERREIRA

ONE SOUND WAS NEVER THE PLAN.

FERREIRA is a multi-genre artist, songwriter and producer whose catalogue is connected by honest writing, a distinctive voice and emotion, not by one fixed category.

With more than a decade in music, FERREIRA has built an evolving body of work that moves with the song while keeping the artist at its centre. The result is direct, recognizable and designed to last beyond a single moment.

THE STORY

BUILT AROUND THE SONG

FERREIRA approaches every release from the emotion first. The sound can shift, but the writing, voice and point of view remain the connecting thread.

That freedom has shaped a catalogue with range and continuity. Each record stands on its own while contributing to a larger artist identity that keeps moving forward.
