

Pharmacy

MEDONE-#XXUMRTITUS

Your prescription drug coverage is administered by MedOne. Use your pharmacy ID card when filling prescriptions and confirm that your pharmacy participates in MedOne network.

MANAGE PRESCRIPTIONS ONLINE

The myMedOne Member Portal is your one-stop resource for managing prescription benefits online. Through the portal, you can review plan information, compare medication costs, manage prescriptions, and access your pharmacy ID card.

WHAT YOU CAN DO

- Search prescription drug costs
- Compare prices at participating pharmacies
- View your pharmacy ID card
- Review prescription history
- Monitor deductible and out-of-pocket spending
- Track prior authorization requests
- Manage mail-order prescriptions and refills

		MEDICAL PLAN 1 BASE PPO	MEDICAL PLAN 2 MONEY SAVER
Retail 30-day supply	Tier 1	\$15	\$15
	Tier 2	\$35	\$35
	Tier 3	\$70	\$70
Retail 90-day supply	Tier 1	\$37.50	\$37.50
	Tier 2	\$87.50	\$87.50
	Tier 3	\$175	\$175

HOW TO ACCESS

1. Visit my.medone-rx.com.
2. Create an account or sign in.
3. Use the dashboard to review your prescription benefit information, search medication pricing, and manage prescriptions.

Mail Order Services

MedOne offers mail order services through MedOne Pharmacy Services (MPS). Mail order is a convenient, inexpensive way to have your medications sent right to your door. Mail order works best for maintenance medications (something you take regularly) that don't often change. Examples of medications suited for mail-order are those that treat high blood pressure, heart disease, cholesterol, asthma, and diabetes.

ENROLLMENT & SERVICES SET-UP

To get started with MPS, members must complete enrollment through the myMedOne Member Portal. Visit the Member Portal at my.medone-rx.com to sign in or create your account. Once inside the portal, the Mail Order tab will walk you through the enrollment steps.

MEDICATION TRANSFERS & REFILL REQUESTS

Once enrollment is complete, a valid prescription must be on file in order to fill your prescription via mail order.

Visit the CURRENT PRESCRIPTION ORDERS & REFILL REQUESTS AT MPS tab to request which medications you'd like filled via mail order.

To request refills through myMedOne, follow these steps:

- Select **MAIL ORDER** on the home screen and locate the SHIPPED PAST ORDERS option, expanding the prescription you would like refilled.
- Select **REQUEST A REFILL** and **SUBMIT REFILL REQUEST**. You can also ask your doctor to send your prescription to MedOne Pharmacy Services through their e-prescribing software or via fax to 563-588-0173. One of our Pharmacy Care Coordinators will contact you within 24 hours to complete the sign-up process.

BENEFITS

- Convenient home delivery
- Easy refill management
- Ongoing pharmacy support
- Reduced trips to the pharmacy
- Reliable access to medications you take regularly

HOW TO ACCESS

1. Visit the myMedOne Member Portal at my.medone-rx.com.
2. Select the Mail Order option.
3. Complete the enrollment process.
4. Request a prescription transfer or ask your provider to send a prescription directly to MedOne Pharmacy Services.

For questions specific to mail order, please call 877-896-0919. For more general assistance regarding your pharmacy benefit, call 866-335-9057 or check out the chat feature on our website at www.medone-rx.com.

Prescription Savings

Prescription drug costs continue to rise significantly. Even so, these medications play an essential role in helping employees manage their conditions and maintain their health.

Titus Transport has identified several options to help members reduce their prescription drug expenses.

CHOOSE A COST-EFFECTIVE PHARMACY

Pharmacies often charge different prices for the same drug. Walgreens and CVS are among the highest-priced pharmacies and are excluded from your coverage. Use the MedOne Member Portal to compare local pharmacy prices and start saving today. To find in-network, lower-cost options near you, visit the **my.medone-rx.com** Member Portal.

Shopping around pays off—see the example below:

Medication	Pharmacy	Total Drug Cost
Atorvastatin Calcium 20mg Tabs (Qty 90 for 90 days)	Walmart	\$60.65
	Kroger	\$9.50
Fluticasone Propionate 50mcg/act susp (Qty 48 for 90 days)	Walmart	\$41.31
	MedOne Pharmacy Services	\$13.66
Lisinopril 20mg tabs (Qty 90 for 90 days)	Walmart	\$24.00
	Publix	\$4.24

You may also consider finding your medications through different cost saving avenues.

GoodRx.com identifies the lowest-cost pharmacy for your prescription and the one nearest you.

NEED HELP?

The MedOne Member Advocate Team can assist with questions about your pharmacy benefit.
Phone: 866-335-9057
Website: www.medone-rx.com

Mark Cuban Cost Plus Drug Company is another low-cost, mail-order option. This online pharmacy offers a wide range of generic medications at transparent prices, applying a modest markup plus standard pharmacy and shipping fees rather than traditional insurance pricing. You simply create an account, search for your medication to see the exact cost up front, and have your prescription delivered to your door—often for meaningful savings on common maintenance drugs.

Filling prescriptions through either GoodRx or Mark Cuban Cost Plus still earns deductible and out-of-pocket maximum credit under your health plan.

HOW TO GET STARTED

1. Visit www.costplusdrugs.com.
2. Select **SIGN UP** and create an account.
3. Add your MedOne pharmacy benefit information, including the Cardholder ID, Rx Bin, Rx PCN, and Rx Group Number found on your pharmacy ID card.
4. Ask your doctor to send a new prescription to Cost Plus Drugs.
5. Once your prescription is received and processed, your medication will be shipped directly to your home.

Information Your Doctor Will Need:

When requesting a prescription, your doctor should include:

- Your name
- Email address
- Date of birth
- Medication information

Your doctor will also need: **NCPDP ID #3689568**

MANUFACTURER'S COUPONS

If you are taking a Brand Name medication, there may be copay assistance available from the Manufacturer. Many manufacturers offer copay assistance to lower, and in some cases, eliminate your copay completely.

Is your medication eligible for copay assistance?

Search the internet for "<<brand drug name>> copay assistance program". The resulting sites will show if your medication is eligible and how to register to receive the coupons or copay assistance.

Specialty Medication Support

RxALLY ENHANCED PROCUREMENT PROGRAM

If you or a covered family member takes an eligible specialty medication, RxAlly may help you access lower-cost pricing and personalized support. MedOne Patient Care Coordinators guide eligible members through enrollment and connect them with Pharma Strategies. Once enrolled, prescriptions are delivered by mail through the program's preferred pharmacy partner, BioPlus.

HOW TO GET STARTED

1. Contact an RxAlly Patient Care Coordinator at 877-794-2218 or PCC@myRxAlly.com
2. Provide information about your specialty medication so the coordinator can determine whether it is included on the program's eligible drug list.
3. If eligible, watch for an email from Pharma Strategies with an enrollment link.
4. Complete the registration process and schedule the required telehealth consultation.
5. After the consultation is complete, BioPlus will contact you to confirm shipping details. You will pay any applicable copay and begin receiving your medication by mail.

International Prescription Savings Program

ACCESS LOWER-COST PRESCRIPTION MEDICATIONS

Your pharmacy benefits include access to international prescription sourcing programs that may help reduce the cost of certain medications. These programs provide access to brand-name and specialty medications through trusted international pharmacy partners while maintaining quality and safety standards. Medications are sourced from licensed pharmacies and certified manufacturers in countries such as Canada, Australia, New Zealand, and the United Kingdom.

If you take a high-cost prescription medication, this program may help:

- Lower your prescription costs
- Provide access to brand-name medications
- Offer convenient mail-order delivery
- Identify additional savings opportunities for specialty medications
- Connect you with personalized support throughout the process

HOW TO GET STARTED

1. Contact an RxAlly Patient Care Coordinator.
2. Provide information about your specialty medication.
3. Work with your coordinator to review available programs and complete any required enrollment paperwork.
4. Follow the guidance provided throughout the approval and medication access process.
