UNITEDHEALTHCARE (UHC)-#0929492

Driving to work, reading a news article and watching TV are all activities you likely perform every day. Your ability to do these activities, however, depends on your vision and eye health. Vision insurance can help you maintain your vision as well as detect various health problems.

Your vision insurance is provided by UHC and entitles you to specific eye care benefits. Our policy covers routine eye exams and other procedures and provides specified dollar amounts or discounts for the purchase of eyeglasses and contact lenses.
