Telehealth

TELADOC-#78387

Teladoc Health gives you and your covered family members convenient access to licensed healthcare providers by phone or video, 24 hours a day, 7 days a week. Get care for many common, non-emergency health concerns from the comfort of your home, at work, or while traveling within the United States. Providers can diagnose symptoms, recommend treatment, and prescribe medication when medically appropriate.

Teladoc Health can help with many non-emergency medical concerns, including:

- Allergies
- Cold and flu symptoms
- Coughs and sore throats
- Sinus infections
- Rashes
- Skin Conditions
- Pink eye
- Upset stomachs
- Asthma concerns
- And more

24/7 VIRTUAL CARE

Skip the waiting room. Connect with a licensed provider anytime, day or night, by phone or video. Teladoc Health offers fast, convenient care when your doctor isn't available and can help you avoid unnecessary trips to urgent care for minor illnesses.

SET UP YOUR ACCOUNT TODAY!

Creating your Teladoc Health account only takes a few minutes and ensures you're ready when an unexpected illness occurs. Don't wait until you're sick to register.

Important: To register for Teladoc Health, call **1-800-835-2362.** Do not register online. Online registration requires insurance information and may not connect you to the correct Titus plan. Eligible dependents under age 18 can be added to your account. Dependents age 18 and older should create thier own account.

Once your account is set up, you can access Teladoc Health through the website or mobile app.
