

INTRODUCING THE NEW PROSITE LED FLOODLIGHT HEAVY-DUTY SERIES

Introducing the ProSite Heavy-Duty Series, an extension of its highly popular ProSite Floodlight series. This new model includes a new reinforced bracket solution for mobile plant and equipment such as container cranes, stackers, reclaimers, dragline excavators etc. serving ports and mining markets. Designed to address the need for servicing mobile machinery with extreme vibration, the ProSite Heavy-Duty Series minimizes light flicker and ensures uniform illumination.
