

ExLin-L

The ideal universal mounting solution for brownfield applications.

ExLin-L completes our premium offer for linear LED engineered solutions for use in Zone 1, 2 and 21, 22 hazardous areas.

ExLin delivers longer life, improved efficiency and superior performance with a competitive payback compared to fluorescent fixtures.

- Easy replacement of 36W and 58W fluorescent fixtures thanks to the same fixing points
- Quick and easy exchange with significantly reduced maintenance efforts

B-LINE
SERIES

CROUSE-HINDS
SERIES

Experts in Ex for 125+ years.

Eaton's Crouse-Hinds series and B-Line series are specialised portfolios of products and solutions for harsh and hazardous areas.

ExLin-L

Ex eb ib op is q IIC T4 Gb / Ex tb op is IIC T80/110°C Db

ATEX IECEx

Features

- Up to 132 lumens per watt
- Rated life of 100,000 hours at 25°C, based on L90C5
- Variety of optics for optimized light distribution and targeted illumination
- The flat and compact design with its extreme robust housing (IK10) reduces water condensation

Benefits

- Long-term reliability and low maintenance: minimizing replacement frequency and labor costs
- Efficient lighting distribution: possibility to reduce the number of fixtures needed, lowering installation and equipment costs
- Resilient: performs reliably in humid and corrosive environments, including offshore applications
- Appropriate mounting accessories such as the CHLMT2372-02 mounting sliding rail — and a wide range of additional solutions

Marcella Alagona-Thiel

Product Manager - Lighting
Crouse-Hinds series EMEA, Eaton

"ExLin-L has the same fixing points as 36W and 58W fluorescent fixtures. This allows to upgrade your entire conventional installation easily and quickly to LED. At the same time, ExLin-L offers the same key features as the ExLin premium range."
