Absence Management Procedure

At Auckland House Day Nursery we encourage all our employees to maximise their attendance at work while recognising that employees will, from time to time, be unable to come to work due to sickness. By implementing this policy, we aim to strike a reasonable balance between the pursuit of our business needs and the genuine needs of employees to take occasional periods of time off work because of sickness. This policy and procedure establishes a framework to support individuals and the organisation in times of sickness absence. It ensures that appropriate and consistent advice is provided, and that assistance and support is offered to employees and, where necessary, action is taken.

Principles
We aim to provide a healthy working environment and demonstrate commitment to health, safety and the welfare of staff in order to maximise attendance.

Management is responsible for regularly monitoring and taking appropriate action in connection with sickness and other unplanned absence.

Exclusion periods for contagious illnesses
Working with children means that you are in contact with illnesses which can be highly contagious. We take the health of children and staff very seriously therefore if you have any contagious illness you must adhere to the same exclusion periods as children. This will ensure that you are able to recover appropriately, and that this illness is not passed on to other staff, children or parents. The manager will advise you of any exclusion times required (see the Infectious and Communicable Diseases List in reception).

Sickness absence reporting procedure
Reporting sickness absence should be done using the following guidelines. Failure to follow these guidelines could delay any sick pay due to you and could possibly result in disciplinary action.

1. On your first day of absence, you must:
    - Telephone the nursery and speak to the manager by 7.30am
    - Give brief details of your illness and your expected length of absence.
    - Telephone and speak to someone yourself. Text message and emails are not an acceptable form of communication for this purpose.
    - You must contact the nursery by 4pm and let the manager know if you will be back to work or not the following day.

2. You must contact the manager by phone every day of your absence unless you have provided a sick note stating how long your absence will last.

3. On returning to work your manager will hold a back to work meeting with you were a back to work form will be completed to ensure you are fit to return to work.

4. For absences of more than seven consecutive days, you must provide a ‘fit note’ completed by a qualified medical practitioner for the period of absence.

During the return to work interview the following will be discussed:

- The reason for absence
- Whether adjustments to the role (on a temporary or more permanent basis) are required and what they are. These might include adjusted work patterns, start and finish times and changes of duties
- Future requirements and expectations, e.g. improved attendance
- The return to work interview should be recorded and signed by both the manager and employee and a copy attached to the employee’s file.

The abuse of sick leave and pay regulations may be classified as misconduct and will be dealt with through the disciplinary procedure (see Staff Handbook).

Frequent and/or persistent short-term sickness absence

We follow the Bradford Factor which we have in place to minimise sickness absence.

Occupational health

The nursery reserves the right to request employees to attend an appointment with an Occupational Health Advisor (e.g. consultant, GP) during their employment, if it is reasonably deemed necessary due to sickness absence, changes in health or the role, or where it is necessary to seek an expert medical opinion as to whether or not the employee can fulfil their job role or whether any reasonable adjustments should be made to the employee’s role.

The nursery will seek to engage the services of an independent Occupational Health Advisor in situations where expert medical opinion is required and work with them to identify the best course of action in circumstances of sickness absence.

Access to medical records

The Access to Medical Records Act 1988 gives individuals the right of access to medical records relating to themselves which have been prepared by a medical practitioner for employment purposes. The Act provides that:

- Employers must gain the consent of employees before requesting reports from medical practitioners
- Employers must inform employees of their rights in respect of medical reports
- The employee has the right of access to the report before the employer sees it, provided appropriate notification is given
- The employer is responsible for notifying the medical practitioner that the employee wishes to have access
- The employee may ask for a report to be amended or may attach a statement to the report
- Having seen the report, the employee may wish to withhold consent to it being supplied.

Where the nursery requests further medical information about the health of staff from an individual's General Practitioner or Specialist, or its own occupational health provider, the provisions of the Act will be followed.

Throughout any interviews regarding sickness absence, staff are entitled to the support of and/or representation by a work colleague or recognised trade union representative.

Sick Pay
During the first six months of employment, there is no entitlement to company sick pay. Statutory Sick Pay (SSP) will be paid in accordance with Department for Work and Pensions requirements and no payment will be made for the first three working days in a period of incapacity for work.

Company sick pay entitlement
The nursery will pay company sick pay dependent on length of service, as shown below:

- Zero to six months - SSP only

Sickness or injury shortly before a period of planned holiday
If an employee is ill or is injured before the start of a period of planned annual leave, we will agree to the employee postponing the annual leave dates to another mutually agreed time. Any period of sickness absence will then be treated in accordance with the employer's normal policy on sickness absence.

The employee must submit a written request to postpone the planned annual leave and this must be accompanied by a letter from his/her doctor confirming that he/she is unfit to take the annual leave.

Replacement annual leave dates
Where it is agreed that an employee can take replacement annual leave at a later time, the employee should nominate replacement annual leave dates as soon as possible, with the dates being subject to the agreement of the employee's line manager in the usual way.

Employees should endeavour to take any replacement annual leave within the same holiday year as the days lost as a result of sickness or injury. In the event that part or all of the annual leave is lost due to incapacity towards the end of the nursery's holiday year, and there is insufficient time left during that year for the replacement annual leave to be taken, the employee will be permitted to carry over the replacement annual leave to the next holiday year. However, this leave must be taken as early in the new holiday year as possible.

Serious illness/injury of an employee's immediate family
This will be looked at on an individual basis and your manager will agree with you a reasonable period of paid leave time initially, with additional unpaid leave if a significant amount of time off is required. You need to also consider taking holiday/TOIL and working flexibly i.e. making adjustments to the length of the working day, changes in hours/days worked etc.

Death of a member of an employee's immediate family
This leave applies on the death of an employee's spouse, life partner, parent, brother, sister, grandparent, dependant or other relative for whom the employee has special responsibility or has had special ties.

Generally, the amount of time off required will be at the manager's discretion and will depend on individual circumstances.
