

Cybersecurity & Risk Management

TQI Solutions delivers cybersecurity and risk management services that protect mission-critical systems and strengthen readiness. With more than 20 years of Navy and DoD experience, we provide compliance-driven frameworks, vulnerability assessments, authorization support, and proactive risk mitigation that safeguard data, reduce exposure, and ensure operational resilience.

Our approach integrates technical defense with mission priorities—bringing clarity to complexity and confidence to decision-makers.

Core Competencies

- **Cybersecurity Compliance** including RMF, assessments, and ATO support
- **Vulnerability & Risk Assessments** to identify, evaluate, and mitigate system threats
- **Risk Reduction & Resilience Planning** to ensure mission continuity
- **AI Security Considerations** addressing emerging risks in advanced technologies
- **Cyber Advisory & Assessment** support for federal clients

Past Performance

- + **NAVAIR**
Conducted cybersecurity assessments and RMF support, strengthening compliance and reducing vulnerabilities.
- + **NAVSEA**
Delivered risk management and authorization support, improving system compliance and sustainment.
- + **USFF:**
Provided cyber readiness services that strengthened resilience and reduced risk across enterprise environments.

Differentiators

- + **Veteran-owned** with more than 20 years of Navy and DoD cyber experience
- + **Proven track record** supporting RMF, ATO, and federal cybersecurity compliance
- + **Integrated risk management** approach tied to mission assurance
- + **Agile, collaborative partner** bridging technical requirements with operational priorities
- + **99% on-time delivery** across active projects

Company Data

Email: bd@tqiinc.com

Phone: 757-222-1422

Website: www.tqiinc.com

HQ Address: 535 Independence Pkwy,
Suite #700, Chesapeake, VA 23320

NAICS Codes: Primary - 541330 | Secondary - 54151S

CAGE Code: 4JRW3

Socio-Economic Status: Service-Disabled
Veteran-Owned Small Business (SDVOSB)

Contract Vehicles: SeaPort NXG, GSA MAS,
OSD ATSS, OASIS+

How We Deliver

- Ensure compliance with federal cybersecurity frameworks, including RMF and ATO processes
- Conduct vulnerability assessments to identify and mitigate threats early
- Develop cyber risk management strategies that reduce exposure and strengthen resilience
- Address emerging risks such as AI system security and advanced analytics vulnerabilities
- Integrate cyber solutions with mission objectives, not just technical requirements

Client Impact

- + **NAVAIR**
Strengthening cybersecurity compliance and reducing enterprise vulnerabilities through RMF support.
- + **NAVSEA**
Improving system authorization processes, accelerating time to compliance.
- + **USFF**
Enhancing operational resilience through proactive cyber risk assessments and remediation support.

Case Study

Challenge

NAVSEA required comprehensive cybersecurity assessments to address compliance gaps and reduce vulnerabilities across critical systems.

Solution

TQI provided RMF-aligned assessments, documentation support, and risk mitigation strategies that enhanced the overall cybersecurity posture.

Outcome

- Achieved compliance with federal cybersecurity mandates.
- Reduced risk exposure across mission systems
- Increased resilience against evolving cyber threats
- Strengthened mission assurance

Our People & Culture

Our people are our strength. Guided by **Trust, Quality, and Innovation**, we foster collaboration, accountability, and transparency. With more than half of our workforce made up of veterans, our teams bring firsthand mission understanding and a deep commitment to protecting national security.

Why It Matters

Cyber threats evolve daily—and federal missions depend on secure, resilient, and compliant systems. TQI ensures systems remain protected and mission-ready by providing actionable insights, reducing risk, and safeguarding critical assets.
