

Antelope Creek Wind

PROJECT PROFILE

COLORADO
PROWERS COUNTY

UP TO
500 MW

UP TO
112 TURBINES

PLANNED OPERATION
2026

LOCAL ECONOMIC BENEFITS

Hundreds of jobs and significant local spending during construction

Enough power for up to **200,300** U.S. homes

30 years of annual revenue for county, local landowners, and local schools, totaling millions of dollars

Up to **15 full-time** local jobs for operations and maintenance

Taxpayers protected against decommissioning costs

Existing high-voltage power lines and highways will limit the need for new infrastructure

Design of the project complements the agricultural heritage of the area
