INDEPENDENT AUDITOR'S REPORT

To The Members of Premier Energies Storage Solutions Private Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Premier Energies Storage Solutions Private Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the period from May 29, 2025 (date of incorporation) to March 31, 2026 ("Period"), and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its loss and other comprehensive income, its cash flows and the changes in equity for the period.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report including annexures, but does not include the financial statements and our auditor's report thereon. The Board's report is expected to be made available to us after the date of this auditor's report.

- Our opinion on the financial statements does not cover the other information and will not express any form of assurance conclusion thereon.

- In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- When we read the Board's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the period is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 38 (vi) to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 38 (vii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the period and has not proposed final dividend for the period.

vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the period which have the feature of recording audit trail (edit log) facility and the same has operated throughout the period for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to financial statements of **Premier Energies Storage Solutions Private Limited** (the "Company") as at March 31, 2026 in conjunction with our audit of the financial statements of the Company for the period.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Deloitte
Haskins & Sells

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.

B. As the Company does not hold any intangible assets, reporting under clause (i)(a)B of the order is not applicable.

(b) The Company has a program of verification of property, plant and equipment and right-of-use assets so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program no such assets were due for physical verification during the period. Since no physical verification of property, plant and equipment was due during the period the question of reporting on material discrepancies noted on verification does not arise.

(c) The Company does not have any immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) and hence reporting under clause (i)(c) of the Order is not applicable.

(d) The Company has not revalued any of its property, plant and equipment including right of use assets during the period. The Company does not have any intangible assets.

(e) No proceedings have been initiated during the period or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The Company does not have any inventory and hence reporting under clause (ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us, at any point of time of the period, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the period, and hence reporting under clause (iii) of the Order is not applicable.

(iv) The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) Having regard to the nature of the Company's business / activities, reporting under clause (vi) of the Order is not applicable.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Income-tax, Sales Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities. We have been informed that the provisions of the Employees' State Insurance Act, 1948 are not applicable to the Company.

Undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income-tax, Sales Tax, Service Tax, duty of Custom, Duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2026 for a period of more than six months from the date they became payable are as given below:

Name of Statute	Nature of the Dues	Amount (₹ thousand)	Period to which the Amount Relates	Due Date	Date of payment
The Maharashtra State Tax on Professions, Trades, Callings and Employments Act, 1975	Professional tax	6.40	June 2025	July 10, 2025	Not paid
		6.20	July 2025	August 10, 2025	Not paid
		6.20	August 2025	September 10, 2025	Not paid

(b) There are no statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on March 31, 2026.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income-tax Act, 1961 (43 of 1961) during the period.

(ix) (a) Loans amounting to ₹ 6,000 thousands outstanding as at March 31, 2026 are repayable on demand and terms and conditions for payment of interest thereon have been stipulated. According to the information and explanations given to us, such loans thereon have not been demanded for repayment during the financial year. Considering the above, in our opinion, the Company has not defaulted in the repayment of loans or other borrowings, or in the payment of interest thereon to any lender during the period.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the period for long-term purposes by the Company.

	(e) & (f)	The Company did not have any subsidiary or associate or joint venture during the period and hence, reporting under clause (ix)(e) and clause (ix)(f) of the Order is not applicable.
(x)	(a)	The Company has not issued any of its securities (including debt instruments) during the period and hence reporting under clause (x)(a) of the Order is not applicable.
	(b)	The Company has made private placement of shares during the period. For such allotment of shares, the Company has complied with the requirements of Section 42 and 62 of the Companies Act, 2013, and the funds raised have been, prima facie, applied by the Company during the period for the purposes for which the funds were raised. The Company has not made any preferential allotment or private placement of (fully or partly or optionally) convertible debentures during the period.
(xi)	(a)	To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the period.
	(b)	To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the period and upto the date of this report.
	(c)	As represented to us by the Management, there were no whistle blower complaints received by the Company during the period.
(xii)		The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
(xiii)		In our opinion, the Company is in compliance with Section 177 and Section 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
(xiv)		In our opinion, the Company is not required to have an internal audit system under Section 138 of the Companies Act, 2013.
(xv)		In our opinion during the period the Company has not entered into any non-cash transactions with any of its directors or directors of it's holding company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
(xvi)	(a), (b)& (c)	The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
	(d)	The Group does not have more than one Core Investment Company (CIC) as part of the group.
(xvii)		The Company has incurred cash losses amounting to ₹ 67,310.15 thousands during the period covered by our audit.

(xviii) There has been no resignation of the statutory auditors of the Company during the period.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more and hence, provisions of Section 135 of the Act are not applicable to the Company during the period. Accordingly, reporting under clause (xx) of the Order is not applicable for the period.

Premier Energies Storage Solutions Private Limited
Corporate Identification Number : U27201TS2025PTC199266
Notes to the financial statements for the period from May 29, 2025 to March 31, 2026
(All amounts are in ₹ thousands, unless otherwise stated)

Summary of material accounting policies, key accounting estimates and judgements

1 Corporate information

Premier Energies Storage Solutions Private Limited (the 'Company') is a private company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The company is incorporated on May 29, 2025. The registered office of the Company is located at Plot No. 8/B/1 and 8/B/2, E-City, Raviryala Village, Maheshwaram Mandal, Rangareddy District, Telangana - 501359.

2 Basis of preparation and presentation

A Statement of compliance

The financial statements of the Company comprise of the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity for the period from May 29, 2025 to March 31, 2026, and a summary of material accounting policies, and other explanatory information (collectively, the "Financial Statements").

These financial statements for the period from May 29, 2025 to March 31, 2026 were approved by the Board of Directors and authorized for issue on May 15, 2026.

B Functional and presentation currency

These financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts are presented in Indian Rupees in thousands and are rounded off to two decimals, unless otherwise stated.

C Basis of Measurement

The financial statements have been prepared on the historical cost basis, on accrual and going concern basis.

D Current vs Non-current

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities:

An asset is treated as current when it is:
- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:
- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

E Critical accounting judgements and key sources of estimation uncertainty

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. In the process of applying the Company's accounting policies, management makes judgement, estimates and assumptions which have the most significant effect on the amounts recognized in the financial statements.

The key judgement, estimates and assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its judgements and assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i) Taxation:

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of Income tax Act, 1961. Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. The recognition of deferred tax assets is premised on their future recoverability being probable.

ii) Leases:

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

3 Summary of material accounting policies

A Fair value measurement:

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.
Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
i. In the principal market for the asset or liability, or
ii. In the absence of a principal market, in the most advantageous market for the asset or liability
The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:
Level 1 : Quoted (unadjusted) market prices in active markets for identical assets or liabilities
Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.
In estimating the fair value of an asset or a liability, the Company uses market observable data to the extent it is available. Where level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. Any change in the fair value of each asset and liability is also compared with relevant external sources to determine whether the change is reasonable.
For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

PREMIER ENERGIES STORAGE SOLUTIONS PRIVATE LIMITED

B Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For purposes of subsequent measurement, a 'financial asset' is measured at the amortised cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

(a) the rights to receive cash flows from the asset have expired, or
(b) the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either

(i) the Company has transferred substantially all the risks and rewards of the asset, or
(ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

(a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss ("FVTPL"), borrowings.

All financial liabilities are recognised initially at fair value and, in the case of borrowings, net of directly attributable transaction costs.

The Company's financial liabilities include other payables and borrowings.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss.

Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

The Company enters into arrangements whereby banks and financial institutions make direct payments to suppliers for raw materials and project materials. The banks and financial institutions are subsequently repaid by the Company at a later date providing working capital timing benefits. These are normally settled within twelve months. The economic substance of the transaction, considering the extended credit terms offered by banks or financial institutions, the arrangement is determined to be financing in nature and these are recognised as current borrowings. Interest expense on these are recognised in the finance cost. Payments made by banks and financial institutions to the suppliers is treated as a borrowings and settlement of dues to suppliers by the Company is treated as an operating cash outflow reflecting the substance of the payment.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

PREMIER ENERGIES STORAGE SOLUTIONS PRIVATE LIMITED

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

C Property, plant and equipment

i) Recognition and measurement

Items of property, plant and equipment are measured at cost which includes capitalised borrowing cost less accumulated depreciation and accumulated impairment losses if any, except for freehold land which is carried at historical cost.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the statement of profit and loss.

ii) Subsequent expenditure and derecognition

Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the year during which such expenses are incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

iii) Depreciation

Depreciation on property, plant and equipment is at rates calculated to write off the cost, less estimated residual value, of each asset on a straight-line method over the useful lives of the assets estimated by the Management. Depreciation for assets purchased / sold during a period is proportionately charged. The useful life of the items of property, plant and equipment estimated by the management for the current period are in line with the useful life as per Schedule II of the Companies Act, 2013.

D Impairment of non-financial assets

The Company's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses are recognised in the statement of profit and loss. An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years/ years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

E Employee benefits

i) Short term employee benefits

Employee benefits payable wholly within twelve months of receiving services are classified as short-term employee benefits. These benefits include salary and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by the employees.

ii) Defined contribution plans

A defined contribution plan is post-employment benefit plan under which an entity pays specified contributions to separate entity and has no obligation to pay any further amounts. The Company makes specified obligations towards employee provident fund and employee state insurance to Government administered provident fund scheme and ESI scheme which is a defined contribution plan. The Company's contributions are recognized as an expense in the statement of profit and loss during the year in which the employee renders the related service.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

PREMIER ENERGIES STORAGE SOLUTIONS PRIVATE LIMITED

iii) Defined benefit plans

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned and returned for services in the current and prior years; that benefit is discounted to determine its present value. The calculation of Company's obligation under the plan is performed periodically by a qualified actuary using the projected unit credit method.

The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date. The Company's gratuity scheme is administered by Life Insurance Corporation of India.

When the benefits of the plan are changed or when a plan is curtailed, the resulting change in the benefit that related to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in statement of profit and loss. The Company recognizes gains or losses on the settlement of a defined benefit plan when the settlement occurs.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other comprehensive income ("OCI") in the year in which they occur. Remeasurements are not reclassified to statement of profit and loss in subsequent years.

iv) Compensated absences

The employees can carry-forward a portion of the unutilized accrued compensated absences and utilize in future service years or receive cash compensation on termination of employment. The Company records an obligation for such compensated absences in the year in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

F Provisions, Contingent Liabilities, Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, but their existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognised till the realization of the income is virtually certain.

G Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks, which are subject to an insignificant risk of changes in value.

H Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated..

Certain arrangements entered with financiers have been classified as borrowings by the Company. The Company presents cash outflows to settle the liability arising from financing activities in its statement of cash flows.

I Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a year of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the year of the lease and (iii) the Company has the right to direct the use of the asset. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term and useful life of the underlying asset. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

J Income tax

Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income. Current income tax relating to items recognised outside profit or loss is recognised outside profit and loss (either in other comprehensive income ("OCI") or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provision where appropriate.

DELOITTE HASKINS & SELLS ACCOUNTANTS
PREMIER ENERGIES STORAGE SOLUTIONS PRIVATE LIMITED

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences except for
a) When the deferred tax liability arises from the initial recognition of goodwill
b) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

K Borrowing Costs

Borrowing costs are recognised as an expense in the year in which they are incurred basis the rate of interest as per the loan agreement.

L Earnings per share

(i) Basic earnings per share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period.

(ii) Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included.

M Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the period ended March 31, 2026, MCA has notified following Amendment to Ind AS, applicable to the Company w.e.f. April 01, 2025.

- **Ind AS 21 -** The Effects of Changes in Foreign Exchange Rates Lack of Exchangeability.
- **Ind AS 12 -** Income Taxes relating to International Tax Reform – Pillar Two Model Rules – Exception to recognition and disclosure of deferred tax.
- **Ind AS 7 -** Cash flow statement and Ind AS 107 – Financial Instrument Disclosures relating to supplier finance arrangements.
- **Ind AS 1 -** Presentation of Financial Statements- Classification of Liabilities as current or non- current and non- current liabilities with covenants.

The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

N New and amended standards issued but not effective

The MCA has issued certain amendments to Indian Accounting Standards which are not yet effective as at March 31, 2026. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

PREMIER ENERGIES STORAGE SOLUTIONS PRIVATE LIMITED

24 Earnings per share (EPS)

Basic EPS amount is calculated by dividing the Loss for the period attributable to shareholders by the weighted average number of shares outstanding during the period. Diluted EPS amounts are calculated by dividing the Loss attributable to shareholders by the weighted average number of shares outstanding during the period plus the weighted average number of shares that would be issued on conversion of all the dilutive potential shares into share capital.

The following table sets forth the computation of basic and diluted earnings per share:

Particulars	For the period from May 29, 2025 to March 31, 2026 (Refer note 35)
Loss after tax	(52,733.98)
Weighted average number of equity shares for calculation of basic & diluted earnings per share	52,10,098
Basic & diluted earnings per share	**(10.12)**

25 Employee benefits

(a) Diclsosures related to direct contribution plan

The employees of the Company are members of a state-managed retirement benefit plan operated by the government of India. The Company is required to contribute a specified percentage of payroll costs to the retirement benefit plan to fund the benefits. The only obligation of the Company with respect to the retirement benefit plan is to make the specified contributions.

Particulars	For the period from May 29, 2025 to March 31, 2026 (Refer note 35)
Contribution to provident fund and other funds	497.74

(b) Defined benefit plan: Gratuity

The Company provides to the eligible employees defined benefit plans in the form of gratuity governed by Payment of Gratuity act, 1972. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five continuous years of service. The measurement date used for determining retirement benefits for gratuity is March 31. The gratuity plan is an unfunded defined benefit plan, and the Company meets its gratuity obligation as and when they fall due. The following tables summarise net benefit expenses recognised in the statement of Profit and Loss, the status of funding and the amount recognised in the Balance sheet for the gratuity plan.

(i) Details of the defined benefit obligations are as follows:

Particulars	As at March 31, 2026
Present value of defined benefit obligation	481.71
Less: fair value of plan assets	-
Total	**481.71**

Split of current and non-current portion is as follows:

Particulars	As at March 31, 2026
Current portion	1.02
Non-current portion	480.69
Liability recognised in the Balance Sheet	**481.71**

(ii) Change in defined benefit obligations	As at March 31, 2026
Projected benefit obligations at beginning of the period	-
Current service cost	481.71
Defined benefit obligations at the end of the period	**481.71**

(iii) Expense recognised in the statement of profit or loss	For the period from May 29, 2025 to March 31, 2026 (Refer note 35)
Net defined benefit cost included in statement of profit and loss	-
Current service cost	481.71
Expense recognised in the statement of profit and loss	**481.71**

(iv) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

Particulars	For the period from May 29, 2025 to March 31, 2026 (Refer note 35)
Under Base scenario	481.71
Salary Escalation - Up by 1%	556.97
Salary Escalation - Down by 1%	418.64
Withdrawal rates - Up by 1%	456.23
Withdrawal rates - Down by 1%	509.95
Discount rates - Up by 1%	420.26
Discount rates - Down by 1%	556.42
Mortality Rates - Up by 10%	481.37
Mortality Rates - Down by 10%	482.05

(v) Maturity profile of defined benefit obligation - Gratuity

Particulars	For the period from May 29, 2025 to March 31, 2026 (Refer note 35)
Year 1	1.02
Year 2	1.17
Year 3	1.35
Year 4	9.74
Year 5	27.87
Year 6	29.25
Year 7	30.71
Year 8	32.24
Year 9	33.84
Year 10	35.51
Year 11+	1,748.10

The weighted average duration of the defined benefit obligation is 16.00

(vi) Assumptions	For the period from May 29, 2025 to March 31, 2026 (Refer note 35)
Discount rate per annum	7.81%
Expected salary increase per annum	10.00%
Attrition rate	5.00%
Mortality rate	100% Indian Assured Lives Mortality (2012-14) Ult table
Normal retirement age	60 Years
Average future service	29.84
Disability rate	0.00%

The estimates of future salary increases, considered in the actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the actual rate of return during the current year.

(d) The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four Labour Codes collectively referred to as the New Labour Codes. The Codes have been made effective from November 21, 2025. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations.

The incremental impact of these changes, assessed by the Company, on the basis of the information available, consistent with the guidance provided by the Institute of Chartered Accountants of India, is not material and has been recognised in the financial statements of the Company for the period ended March 31, 2026. The Government is in the process of notifying related rules to the New Labour Codes and impact of these will be evaluated and accounted for in accordance with applicable accounting standards in the period in which they are notified.

27 Financial Instruments - Fair value measurement

a The carrying value and fair value of financial instruments by categories are as below:

As at March 31, 2026

Particulars	Carrying value	Fair value		
		Level 1	Level 2	Level 3
Financial assets				
Measured at amortised cost*				
Cash and cash equivalents	7,598.69	-	-	-
Other financial assets	2,836.16	-	-	-
Total assets	**10,434.85**	-	-	-
Financial liabilities				
Measured at amortised cost*				
Borrowings	6,000.00	-	-	-
Lease liabilities	21,584.59	-	-	-
Trade payables	720.00	-	-	-
Other financial liabilities	2,253.40	-	-	-
Total liabilities	**31,277.99**	-	-	-

* The fair value of cash and cash equivalents, borrowings, lease liabilities, trade payables, other financial assets and liabilities approximate their carrying amounts and hence the same has not been disclosed in the table above.

b Measurement of fair values

The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:
a) recognized and measured at fair value
b) measured at amortized cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Transfers between Level 1, Level 2 and Level 3

There were no transfers between Level 1, Level 2 or Level 3 during the period from May 29, 2025 to March 31, 2026

Determination of fair values

Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.
ii) The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.

DELOITTE HASKINS & SELLS CHARTERED ACCOUNTANTS

PREMIER ENERGIES STORAGE SOLUTIONS PRIVATE LIMITED

28 Financial instruments - risk management

The Company has exposure to the following risks arising from financial instruments: credit risk ; liquidity risk ; market risk

Risk management framework

The Company is exposed primarily to Credit risk, liquidity risk and market risk (fluctuations in interest rate), which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

(a) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.
Cash at bank and fixed deposits are placed with financial institutions which are regulated. As at the reporting date, there is no significant concentration of credit risk. The maximum exposure to credit risk is represented by the carrying value of each financial asset on the Balance Sheet.

Financial instruments that are subject to concentrations of credit risk principally consist of investments, cash and cash equivalents and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

i) Cash and cash equivalents

The Company holds cash and cash equivalents of ₹ 7,598.69 as at March 31, 2026. The Company considers that its cash and cash equivalents have low credit risk. The Company maintains exposure in cash and cash equivalents, other receivables from bank with financial institutions.

The Company's maximum exposure to credit risk as at March 31, 2026 is the carrying value of each class of financial assets.

(b) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Exposure to liquidity risk

The table below details the Company's remaining contractual maturity for its non-derivative financial liabilities. The contractual cash flows reflect the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	Total	0–12 months	1–3 years	3–5 years	More than 5 years
As at March 31, 2026					
Borrowings	6,000.00	6,000.00	-	-	-
Lease liabilities	24,265.25	8,697.89	15,567.36	-	-
Trade payables	720.00	720.00	-	-	-
Other financial liabilities	2,253.40	2,253.40	-	-	-
Total	**33,238.65**	**17,671.29**	**15,567.36**	**-**	**-**

(c) Market risk

Market risk is the risk that changes in market prices, interest rates and equity prices, which will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

i) ***Interest rate risk***

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to loans receivable which have fixed interest rates.

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Particulars	As at March 31, 2026
Financial liabilities	
Fixed rate borrowings	6,000.00
Total Borrowings	**6,000.00**

29 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities, including interest-bearing loans and borrowings less cash and cash equivalents. Adjusted equity comprises all components of equity.

The Company's adjusted net debt to equity ratio is analyzed as follows:

Particulars	As at March 31, 2026
Borrowings (Refer Note 12)	6,000.00
Less: Cash and cash equivalents (Refer Note 6)	7,598.69
Net debt (A)	**(1,598.69)**
Equity (Refer Note 8)	77,000.00
Other Equity (Refer Note 9)	(52,733.98)
Total Equity (B)	**24,266.02**
Gearing ratio (C=A/B)	**(0.07)**

30 Lease

Where the Company is a lessee:

The Company's lease asset classes primarily consist of leases for certain office facilities under cancellable lease arrangements.The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable year of a lease, together with both years covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and years covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable year of a lease.
The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of all assets that have a lease term of 12 months or less.

i) The following is the movement in lease liabilities during the period ended March 31, 2026

Particulars	As at March 31, 2026
Opening Balance	-
Additions	23,938.95
Finance cost for the period	650.46
