WEBSITE -
The committee are progressing with plans for a Sherston Gardening Club website and are delighted to say have found a local web designer who is progressing well with the task. We look forward to seeing the results in the near future and will of course keep our members updated.

BULB PLANTING - FOR BLOOMING SHERSTON.
I am not sure if you are aware that a small group of our members started 'Blooming Sherston' a few years ago, keen to improve the village of Sherston by introducing planting around the village.
To help fund this, all donations made on the plant table at the meetings goes into our pot for 'Blooming Sherston' which together with a grant given to us from the Coop and another from the Parish Council, helps to purchase the planters, plants and bulbs around the village.
As this is the time for bulb planting, a large number of Narcissi have been purchased with this money. This time, we plan to put them around the grounds of Pennymeade (or the Rec as many of us call it) with permission from the Parish Council.

We are planning a small working party to help dig in the bulbs over the weekend of **10th or 11th October**. If anybody would like to join us for some chat and a little light digging, you are more than welcome to bring your bulb planters and join us with a well earned cuppa afterwards in the Angel.
Times will be confirmed nearer the time so let the committee know if you would like to be kept informed.
