

Workshop Case I: Bleeding episode

Mateo, aged 29
Weight: 68 kg
No inhibitors

- Mateo has **received the first 3 doses** of Inno8
- In the afternoon on the **day of the 3rd dose**, he **falls** and based on **the pain in his right knee**, the participant **suspects a bleed**
- He contacts you at the site

Workshop Case II: Thromboembolic events

Omar, aged 47
Weight: 87 kg
No inhibitors

- Omar has received the **first 5 doses** of Inno8
- In the evening, he calls and explains that he is at a hospital because he has **experienced a deep vein thrombosis**
- You receive an **e-mail from another site** where a participant has also experienced a **thromboembolic event**, which was considered **possibly related to Inno8** by the PI at the other site
