

TranslateOS

Using **Kai**, the TranslateOS
virtual language assistant is easy!

1 DETERMINE THE LANGUAGE

Ask what language the caller speaks or where they are from.

Tell them you are getting translation help.

Put them on hold.

2 CALL TRANSLATEOS

Conference in Kai using your TranslateOS number.

Enter your PIN.

Have Live Transcript?
Log in at portal.bloomgo.com/join to follow the conversation.

3 CHOOSE THE LANGUAGE

Check the language list on the back.

Press 00
to hear the full language list.

Press 1 to enter the language code.

Press 2 to say the language.

Press 3 to hear helpful tips.

4 KAI TRANSLATES

Take the caller off hold and press *1.

Kai will introduce themselves and get the call started.

Speak clearly in complete sentences.

Avoid:

- Slang or expressions.
- Talking over the caller.

Pause after you speak to allow Kai to translate.

Press *3 to pause
Press *7 to refresh
