

AV REQUIREMENTS

A great audience experience starts long before Ray takes the stage.

Ray arrives prepared, works collaboratively with your event team, and is committed to making your job easier. These guidelines help create the best experience possible—and if your setup is different, **we'll work with you.**

Presentation & Technology

- PowerPoint presentation (16:9)
- Professional presenter remote preferred
- Confidence monitor with visible timer preferred
- Slides can be provided in advance

Audio

- Wireless headset microphone preferred
- Soundcheck approximately 60 minutes before the keynote

Internet

- Not required unless specifically requested

Recording

- Please discuss recording or distribution plans in advance

Accessibility

- Please share accommodation needs in advance so we can create an inclusive experience for everyone

Our goal is simple: make your job easier and create an experience your audience will remember.
