If your bank account has a filter to block unauthorized EFT debits it is vital that the WePay ACH IDs below are added as authorized. Failure to do so will cause the funds transfer to fail and require several steps to re-enable, a process that takes a week or more to complete.

- 4693231001
- 5551232356
- 335892 - WePay Originator Account ID for ACH payments, needed by some banks.
