Antec Power Supply Calculator - Mozilla Firefox

Antec Believe it.

English Chinese

Antec Power Supply Calculator

The total PSU Wattage this tool recommends will give a general idea of the range of **recommended** available power (not peak power) at which you should be looking. But if you are planning to build a high-end gaming system, total Amperage available on the +12V rail—and how that capacity is distributed—could be as or more important than total Watts of power.

So since you have established the likely power needs of your system, please make sure that any PSU you buy will provide sufficient Amps of current on the various rails for all of your devices, and that it will have the proven reliability, service and support you deserve.

Recommended Minimum PSU Wattage: 34 w

Calculate Reset Print

PCI Cards:

☐ 56K PCI Modem ☐ PCI NIC
☐ Sound Blaster - All Models ☐ PCI IDE Card
☐ Sound Blaster w/ Front Bay ☐ PCI IDE RAID Card
☐ TV Tuner - Satellite ☐ PCI SCSI Card
☐ TV Tuner - Cable ☐ PCI SCSI RAID Card

Details for CMPI2GX3M3A1600C9

Tech Data Components (Belgium) SKU CMPI2GX3M3A1600C9

Memory Type DDR3-1600 (Dominator-12800C9-P00P3CH)

Size 12GB (3 x 4GB)

Latency 9-9-9-24-2T

Voltage 1.65V

Format 240-pin DIMM

Heat Spreader Dominator

How to Buy

BUY NOW

Maximum Memory 12GB
 Expansion Slots 6
 CPU Socket Format Intel Socket 1366
 Chipset Intel X58

GAMING - CHARLOTTE VAN BRABANDER

Charlotte Van Brabander is ondertussen een fenomeen in het gaming wereldje. Met haar blog in gaming magazine **CHIEF**, en het aankomende TV programma op **Life TV** bereikt zij maandelijks duizenden gamers. Tech Data Components is dan ook trots sponsor van **gamebabe**. Samen zorgen we voor de perfecte strategie om gaming in een positief daglicht te stellen. Door **bootouts**, **promoties** en **interactieve campagnes** in samenwerking met Charlotte en Tech Data vendors, stellen we het grote publiek aan de wondere wereld van het gamen. Samen waren we al bij verschillende **LAN party's**, het **Antwerp eSports Festival** en op de binnen- en buitenlandse media zoals het **VTM nieuws**, **nieuwskranten** en op de reportagereeks **Phara**.
