GLOBAL OPEN INNOVATION PROGRAM

STARTUP THE FUTURE

APPLY HERE

POWERED BY hello tomorrow

INNOVATION PLAYS A CRITICAL ROLE IN GALP'S STRATEGY, AND WE ARE COMMITTED TO FINDING AND NURTURING OPPORTUNITIES TO BOOST ENERGY TRANSITION.

We deeply believe that **Open Innovation** will be a vital part of this process.

With **more than 18 new pilots and 31 initiatives** with our external ecosystem since 2022, we are already actively pursuing and dedicated to these collaborations.

START UP THE FUTURE

galp POWERED BY hello tomorrow

ARE YOU DEVELOPING SOLUTIONS FOR THE FOLLOWING TOPICS?

MANAGING DATA

Aimed at maximizing flexibility and covering reliably the fluctuating energy needs in order to transition successfully to cleaner energies.

SCALING ENERGY STORAGE & ENVIRONMENTAL PROCESSES

To reduce the impact of the company's operations on the environment along with procedures and hardware solutions to allow the transition to environmental conscious energy systems.

DECARBONIZING & OPTIMIZING THE INDUSTRY

Focused on industry efficiency, systems monitoring as well as heat decarbonization and consumer targeted battery solutions.

BRINGING ENERGY TO EVERYONE

Devoted to fighting energy poverty, hence facilitating energy access to underdeveloped communities.

HARNESSING ELECTRIC MOBILITY

-HOSTED BY BMW & MINI-

Dedicated to fleet optimization and electric mobility service solutions.
