

Become a Volunteer Resource Coordinator

Somewhere between a phone call and a small miracle is a person who just needed someone to notice — that's you: the bridge between neighbors in need and help that was there.

Just show up and dial the number.

Training's provided, the work matters. The reward: a life turning a corner because you made a call, a connection, a difference.

NeighborLink

Be a Good Neighbor

A leaking faucet gets fixed. An overgrown yard gets tamed. A handrail goes up. A dresser finds a family starting over.

Neighbor-sized needs like these fall through the cracks — they just need a neighbor with a little time and a willingness to show up. Not sure where to start? NeighborLink makes the connection and reduces the barriers.

Be the Fix Someone's Waiting For.
