Autumn 1	Communication & Interaction	Slowly build towards 20 minutes of grop work each session			✕ (5)
		Target % Total:		**75%**	

Student Feedback

Baloo has worked hard this year on developing friendships with a small group of peers, joining in group activities when he has felt comfortable to do so. Next half term we need to work with Baloo on developing self-regulation strategies for when things begin to feel overwhelming to him in a group setting - his self-regulation 1:1 with his mentor has imporved hugely, so this will be the logical next step. Baloo is continuing to work on his numeracy and literact outcomes, in the hope that he can close some hgaps penidng his return to mainstream. Baloo's English Functional skills work has been excellent in sevral key areas - scoring 100% in Reading and Writing - keep up the good work Baloo!
