Days that naturally move outdoors

Gardens, terraces, shaded seating areas, sauna and a 16-metre swimming pool create plenty of opportunities to enjoy the villa without having to plan anything at all.

Some of the best plans are the ones you don't need to organise.

Different spaces for different moments

When many people stay together, having different spaces makes all the difference. Villa Masia Notari gives the group room to gather, eat, play, relax or simply spend time apart without ever leaving the property.

BANQUET HALL “LA BODEGA”

A characterful 15th-century space of 144 m², ideal for long group dinners, celebrations or memorable evenings together.

LIVING ROOM “LA TORRE”

A cosy living room with a fireplace and seating area, perfect for reading, talking, playing games or enjoying a quieter moment.

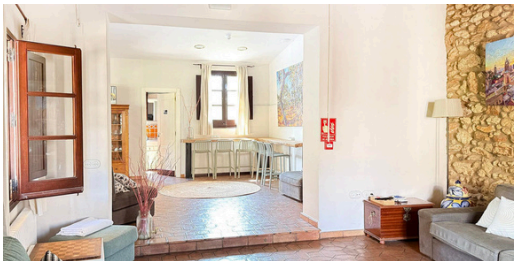

LIVING ROOM “SALA DEL ARCO”

A comfortable living area where guests can gather informally, relax or enjoy time together away from the larger common spaces.

INDEPENDENT SPACE “LA CASITA”

An independent common space that gives larger groups extra flexibility — particularly useful when different generations, families or activities need their own area.

A kitchen made for group living

When you travel as a large group, meals can become one of the best parts of the stay — or one of the hardest things to organise.

Villa Masia Notari gives you the flexibility to choose what works best: prepare your own meals in the equipped kitchen, work with one of our private chefs or bring your own chef or catering provider.

From relaxed breakfasts to long dinners together, food can be organised around the rhythm of your stay.
