PROFESSIONAL EXPERIENCE

Principal Product Designer Neom	Sep 2024 - Present
- Neom Product and Tech department approached me to help Build a team of bilingual designers worldwide and meet an 8 FTE goal. - Develop a scalable smart city dashboard by aggregating data from multiple IoT solutions and sensors to provide city-level visualization that improves operational efficiency and optimizes city management and planning. My role in this project is leading user research and initiating workshops with stakeholders to identify opportunities, inform product roadmaps, and shape long-term visions for the Customs team.	
Lead Product Designer Somo Global, CI&T	Jun 2022 - Sep 2024
- During my time at Somo Global, I developed a comprehensive action plan to establish trust within the product design team, improve communication, promote collaboration, and make decisions that align with our strategic objectives. This led to a 20% increase in project completion rates. Additionally - I contributed to conceptualizing, defining, and prototyping significant improvements, enabling our team to deliver Service Blueprints, B2B, and B2C Digital Products for our clients at Audi and Volkswagen financial services. - I also conducted Brand Experience workshops with C-level stakeholders at Volkswagen Credit and Audi financial services, assisting them in defining the North American Brand personality and attributes, and outlining a plan for new brand touchpoints.
