"I would recommend Nova House to anyone and everyone. It is homely with highly caring staff."

"The communication is excellent, and the management and staff are top-notch."

"We chose Nova House for my mother as it was clean, safe and welcoming. The manager took a huge amount of time to get to know Mum's needs and as a result, her time at Nova House was well catered for. The staff were kind, compassionate and treated Mum with respect and dignity."
