

ACCIDENT INSURANCE

VOYA

Cleaning the gutters. Yoga class. Soccer practice. Life offers plenty of opportunities for accidental injuries.

When an injury happens, Accident Insurance can help. Accident Insurance doesn't replace your medical coverage; instead, it complements it. **The benefit payments don't go out to pay for medical bills or treatments you may need: they go directly to you to be used however you would like.** No medical questions or tests are required for Accident coverage.

Your coverage includes a Sport Accident Benefit. This means that if your accident occurs while participating in an organized sporting activity (as defined in the certificate of coverage); the benefit amounts in the accident hospital care, accident care or common injuries sections below will be increased by 25%; to a maximum additional benefit of \$1,000.
