EDMS CONSULTANTS SDN BHD

Key Benefits of M-Files®

1.) NO INFORMATION SILOS

The correct information is available for the right person.
Easy access to all information.

2.) SECURED INFORMATION

No more messy folders for different permission matrix.

3.) REMOVE INFORMATION REDUNDANCY

Stop duplicating the same copy, stop version chaos.

4.) EASIER COMPLIANCE

Automatic history for audit trail.
Transparency and accountability.
Separate business-critical or sensitive data.

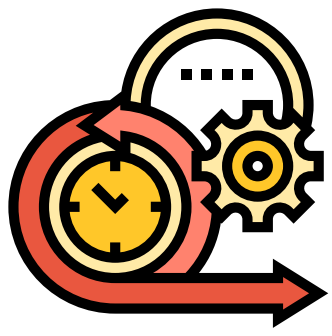

5.) REDUCE COST & WASTE

Reduce paper usage, saving the environment.
Reduce physical storage, more space for yourself.

6.) IMPROVE PRODUCTIVITY, AGILITY & RESPONSIVENESS

No more wasting time searching for specific information.
Stay on top of your task with workflows and assignments.

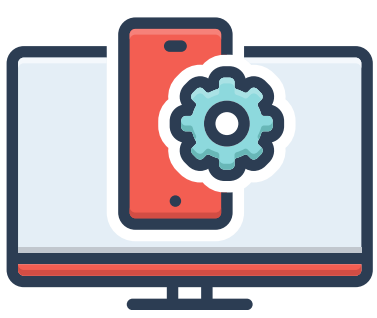

7.) WORK YOUR STYLE

Work the way you want from wherever you are.
Access important information, even you're away.

8.) EASE OF USE

One unified user interface on all devices and across repositories and platforms.
High user adoption means quicker return on investments.
