EDMS CONSULTANTS SDN BHD (483769-K)

EXCELLENT DIGITAL CLIENT EXPERIENCES WITH M-FILES & HUBSHARE

M-Files is an Intelligent Information Management System that allows users to connect and centralize all documents and information in one system. M-Files helps businesses succeed in today's fast-paced information-intensive environment by improving efficiency and workflow, maximizing information reuse, eliminating redundancy and avoiding conflicts and data loss. **Hubshare is a collaborative work platform and secure file sharing platform** that allows professionals to collaborate more effectively and efficiently.

Using M-Files and Hubshare as a collaborative work platform, you get to enjoy the benefits of: -

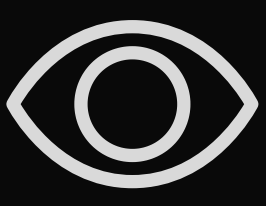

CONNECTING BUSINESS SYSTEM, APPLICATION AND REPOSITORY SEAMLESSLY ACROSS THE COMPANY AND CLIENTS

MAINTAIN TOP-NOTCH SECURITY AND COMPLIANCE WHERE DOCUMENTS AND INFORMATION CAN BE SHARED SECURELY WITH CUSTOMERS

ENABLES COMPANIES TO DRIVE DIGITALISATION WITH BRANDED CUSTOMIZABLE CLIENT PORTALS

ENHANCE TRANSPARENCY AND VISIBILITY BETWEEN COMPANY AND CLIENT, WHILST BEING AUDIT READY

AUTOMATED WORKFLOWS TO STREAMLINE BUSINESS PROCESSES

TWO-WAY COMMUNICATION BETWEEN INTERNAL AND EXTERNAL USERS WHERE HUBSHARE WILL BE USED AS A SINGLE SOURCE OF INFORMATION AND COMMUNICATION BETWEEN COMPANY AND CLIENT

With Hubshare, both company and client get to experience a digital and collaborative workspace solution that enables optimal collaboration and productivity by providing users and external parties with a branded and customizable client portal platform that is tailored for individual client needs.Using M-Files as the back-office DMS and Hubshare as the front-office for client or partner facing business operations provide service capabilities with ingrained privacy, security, and compliance.
