Create a Vanity That's Uniquely Yours

Creating a beautiful bathroom shouldn't mean starting from scratch.

Lakecraft combines timeless design with carefully selected options, allowing you to create a vanity that reflects your home and lifestyle - without the complexity, cost, or wait of fully custom cabinetry.

From wood finishes and hardware to carefully curated details, every choice is designed to make personalization effortless. Every collection is built with the flexibility to make it yours.

Your Vanity, 5 Simple Steps.

A custom look without the custom process.

Choose the Collection 01

Start with one of three signature Lakecraft collections, each designed with its own unique balance of clean lines, classic proportions, and modern character.

PAGE 3

Find the Perfect Size 02

Whether you're updating a powder room or designing a spacious ensuite, multiple widths ensure the perfect fit for your space. Available in sizes from 30" to 72".

PAGE 4-6

Select Door & Drawer Style 03

Personalize your vanity with a selection of thoughtfully designed door, drawer, and false-front styles, from clean lines to timeless shaker-inspired details.

PAGE 7

Choose Your Finish 04

Bring warmth and personality to your space with curated paint colours or stains. Every finish is selected to complement today's most beautiful interiors while remaining timeless.

PAGE 8

Complete the Look 05

Finish your vanity with a premium countertop, your choice of a round or square sink, and hardware. The result is a complete, beautifully coordinated vanity for your home.

Explore the Lakecraft Collections

Each Lakecraft collection is thoughtfully designed to offer its own distinctive character.

Select the style, storage, and proportions that perfectly complement your space.

While every collection showcases a unique design aesthetic, each is built on a foundation of exceptional craftsmanship and carefully considered details.

Standard features include:

- Elegant 1.5" decorative side panels
- A refined decorative toe kick with toy catcher
- A generous 22" standard depth, along with standard 1" side filler(s) for a seamless vanity-to-wall installation (client installed).

Premium hardware, including Salice full-extension drawer slides and Blum Inserta soft-close hinges, ensures every drawer and door operates with effortless precision, delivering the lasting quality and refined experience that define every Lakecraft vanity.
