Ravelli®
il fuoco intelligente

ROMA

441 lb - 45 lb Pellet

Ideal to create a fireplace thanks to Ravelli zero clearance included kit

- Efficiency (based on LHV) 85%
- Rounded cast iron front part
- Cast iron firepot
- Wide view of the flames
- Extractable ash pan
- Top exhaust tube
- Sliding structure for Easy Inspection

ZERO CLEREANCE CABINET

FIREX 600

All Ravelli's products have a combustion chamber made from FIREX 600, a vermiculite based material developed by Gruppo Ravelli after long and extensive research.

GLASS CLEANING SYSTEM

A supplementary air duct over the door creates an air cushion between the flame and the ceramic glass, to keep the door glass clean for many hours of burning.

ECO-START QUICK IGNITION SYSTEM

The Eco-Start ignition system ensures that the stove lights quickly and safely. By reducing the time for which the ignition element has to operate, the system dramatically extends its life.

TIMER-THERMOSTAT

A timer-thermostat lets you program in two ignition times and two finish times so that you can make optimal daily and weekly use of the stove.

STAINLESS STEEL HEAT EXCHANGER

A stainless steel heat exchanger means increased fire resistance and reduced wear.

ASH PAN

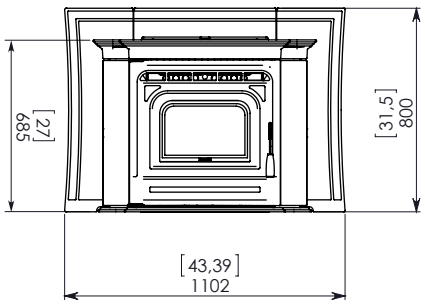

A functional and easily accessible ash pan collects all the burned out ash.

HEAT INPUT	BTU/hr	16,000 – 51,000
HEAT OUTPUT	BTU/hr	13,700 – 44,000
FEED RATE	lb/hr	1.9 – 5.5
EFFICIENCY (based on LHV)	%	85
VENTING SIZE	Ø mm	80
HOPPER CAPACITY	lb	45
BURN TIME	hr	8 – 23
NET WEIGHT	lb	441
