The UK's Highest Homes Unveiled for Sale at Landmark Pinnacle

Date: 14 Oct 2026

Karen Jones

On Thursday 8th October for an exceptional evening celebrating the heritage of Ballindalloch Estate, pairing its renowned single malt whisky with the finest Aberdeen Angus beef for an intimate dining experience.

With panoramic views stretching over 65 kilometers, The Landmark Penthouse and The Pinnacle Penthouse offer a perspective of the capital few will ever experience, and even fewer will call home. Developed by Chalegrove Properties (CPL) and designed by renowned architects Squire & Partners, Landmark Pinnacle is a soaring architectural icon in the heart of London's Canary Wharf. Four penthouses occupy its 74th floor, two of which have already been sold, making the remaining residences one of the last opportunities to own a super-prime home at the very top of London's skyline.

Rami Atallah, Director at CPL, comments: "After much anticipation, we are delighted to formally unveil the remaining penthouses at Landmark Pinnacle. These extraordinary apartments represent an incredibly rare opportunity to own a home at the very top of Britain's residential skyline; trophy assets that embody everything Landmark Pinnacle represents – bold ambition, exceptional design and refined luxury."

At the centre of the launch is The Landmark Penthouse (74.02), a 2,145 sq ft (200 sq m)

threebedroom residence with ensuite bathrooms that has been transformed into a fully dressed show home by Dapa Atelier. Designed for both elegant entertaining and everyday living, its expansive open-plan living spaces are framed by full-height sliding glazed façades, flooding the residence with natural light and opening onto west-facing views across the River Thames, The Shard and the City skyline. The residence will be available for private viewings following the launch, giving prospective buyers the opportunity to experience the scale, light and extraordinary outlook of life
at the summit of Landmark Pinnacle first-hand.

Alongside The Landmark Penthouse, buyers also have the opportunity to acquire The Pinnacle Penthouse (74.04), the larger of the two remaining residences. Extending across 3,122 sq ft (290 sq m), the three-bedroom penthouse offers expansive living spaces and the same extraordinary outlook from the 74th floor. Currently offered unfurnished, it provides its future owner with the opportunity to create a highly individual home at one of the most exceptional residential addresses in the capital.
The interior architecture of the penthouses was inspired by their unique sky-high setting, with curved architectural lines reflecting the flow of the River Thames below. While each penthouse has its own individual character and proportions, both are finished to an exceptional specification. Herringbone European oak flooring is complemented by Calacatta Gold marble-finish tiled floors, silver-grey hardwood doors with bronze ironmongery and carefully considered joinery throughout. The custom-designed kitchens feature bespoke timber-effect cabinetry, Caesarstone quartz worktops and splashbacks, and a suite of integrated Miele appliances. Bathrooms are finished with full-height marble-effect porcelain tiling and feature Villeroy & Boch sanitaryware and Dornbracht fittings in a dark platinum finish.
Ownership at Landmark Pinnacle extends far beyond the residences themselves, with five floors dedicated to amenities. Level 75 is home to the building's Sky Terraces, the highest private amenity space ever created in London, while Level 56 includes the UK's highest residents' gym, a yoga and Pilates studio, residents' club lounge, private bars and dining rooms, games room and virtual golf. On Level 27, Panoramic Sky Gardens are home to more than 3,500 plants, alongside further amenities including a 21-seat private cinema, media room, residents' library and lounge, children's play garden and 24-hour concierge.
Perfectly positioned at the edge of Canary Wharf, Landmark Pinnacle offers easy access to both the West End and the City via the Elizabeth and Jubilee lines, while London City Airport provides convenient access to international travel.
The Landmark Penthouse is offered at an asking price of £5,500,000 and The Pinnacle Penthouse at £7,000,000.
