4'Liver®

Keeping the body's filter clean

Introducing 4'Liver®

4'Liver® is a novel combination of chebulic myrobalan (*Terminalia chebula*) fruit extract and east Indian globe Thistle (*Sphaeranthus indicus*) flower head extract.

Chebulic myrobalan enjoys a wide distribution across much of Asia. The fruit is traditionally used as part of an Ayurvedic formulation known as triphala which has been used to support liver health. East Indian globe thistle is also found in India, among low hills and plains. The flower has been reported to have depurative properties and a decoction from the plant has similarly been used to support liver health. Through the development of a proprietary extraction process using water, Saanroo® has standardized the blend of the two botanicals to both gallic and chlorogenic acids.

4'Liver® Benefits

4'Liver® supports:

- Liver health and function*
- Cardiovascular health*
- A healthy lipid profile*
- Healthy cholesterol levels already within normal range*
- Healthy triglyceride levels already within the normal range*
- Metabolic health*
- Antioxidant status and the reduction of oxidative stress*

Why 4'Liver®?

- Botanical
- 300mg
- Vegan / Vegetarian
- Non-GMO
- Allergen free (Major 9)
- Halal / Kosher
- Gluten free
- Formats: capsules, tablets, softgels

Clinical Data

Liver Support Study [300mg]

Rajendra, V. K. P., Kurapati, S., Balineni, S. K., & Gogineni, N. T. T. (2022). Functional Foods in Health and Disease, 12(7), 361-179.

After the 12 week study, we found that there was statistical significance seen as percent change in:

- Liver health measurements
- Lipid profile measurements
- Various measurements of antioxidant status
- 2 domains of the Short Form-36 health survey (SF-36)
- Total gastrointestinal symptom (GIS) score
  - As well as two domains including epigastric discomfort and and general intestinal symptoms
