AGEprost®

PROSTATE HEALTH

AGEprost®

Superior prostate support

Introducing AGEprost®

AGEprost® is a novel Tropical whiteweed (*Ageratum conyzoides*) aerial extract. Tropical whiteweed, or billygoat weed, has been traditionally used in the Caribbean to support prostate health and thrives in tropical and subtropical regions around the world, including India. AGEprost® is the culmination of Saanroo®'s efforts to develop a proprietary extraction process using ethanol and water.

AGEprost® Benefits

AGEprost® supports:

- Prostate health*
- Nighttime urination frequecy*

Clinical Data

Prostate Support Study [

Detering, M., Steels, E., Koyyalamudi, S. R., Allifranchini, E., Bocchietto, E., & Vitetta, L. (2017). BioFactors, 43(6), 789-800.

After the 12 week study, we found that AGEprost® significantly:

- Reduces International Prostate Symptoms Score (IPSS)
- Improvement in daytime urination frequency
- Improvement in nighttime urination frequency

It was also observed that there was:

- No significant change in the Derogatis Interview for Sexual Functioning-Self Report (DISF-SR)
- A reduced expression of the enzyme 5-alpha-reductase type 2 in human prostate cells by 2.6-fold
