NORWEGIAN EXPLORER

FOOD MENU

OUR KITCHEN

We have a full-service kitchen, so you get real, fresh food made from scratch – not only tasty, but healthy too.

DRINKS

We have a well-selected range of white, rosé and red wines at different price points, and the very tasty Senja beer on tap, plus more local beers on cans from small Arctic breweries such as Qvæn Finnmarkspils and Harstad Bryggeri.

We also serve freshly tapped kombucha from Senja, and the water from the taps usually comes from the nearby glacier.

SIGNATURE DISHES / USUALLY ON THE MENU

Selection	Price
Whale stew with onion & tomato	**200 kr**
Bacalao *(traditional Norwegian-Portuguese cod dish)*	**200 kr**

PRIVATE PARTIES

We can also arrange special menus for private parties, from homemade salmon burgers to more elaborate dishes. We can also arrange a BBQ on the deck.

COFFEE & BAKERY

We make our own coffee with beans that are ground on board, and our bread and pastries are delivered by Kaffebønna, the local home bakery in Tromsø.

Welcome to the real story.
