

Private Events at AMPHORA

A celebration of wine, food, art and spirit.

The Experience

At Amphora, private dining is never a preset package. Each event is a bespoke food and wine experience shaped around your group by Executive Chef Jack Logue and Wine Director Chris Miller.

Chef Logue's seasonal, contemporary American cooking is designed to elevate what's in the glass, drawing on a cellar of more than 2,500 selections. The pacing follows your lead: easy, comfortable and never stuffy.

The Food & Wine Philosophy

Amphora dissolves the boundary between kitchen and cellar. Food and wine are planned together, not chosen after the entrée. Your guests may enjoy:

- Three-course, four-course or Chef's Tasting menus
- Amphora or Reserve wine pairings, or custom selections
- Rare and back-vintage bottles from the cellar
- Menus tailored to dietary needs and event goals

The food should be delicious, the wine should pair perfectly, and the evening should feel special, never formal.
