Coldwater Solar

PROJECT PROFILE

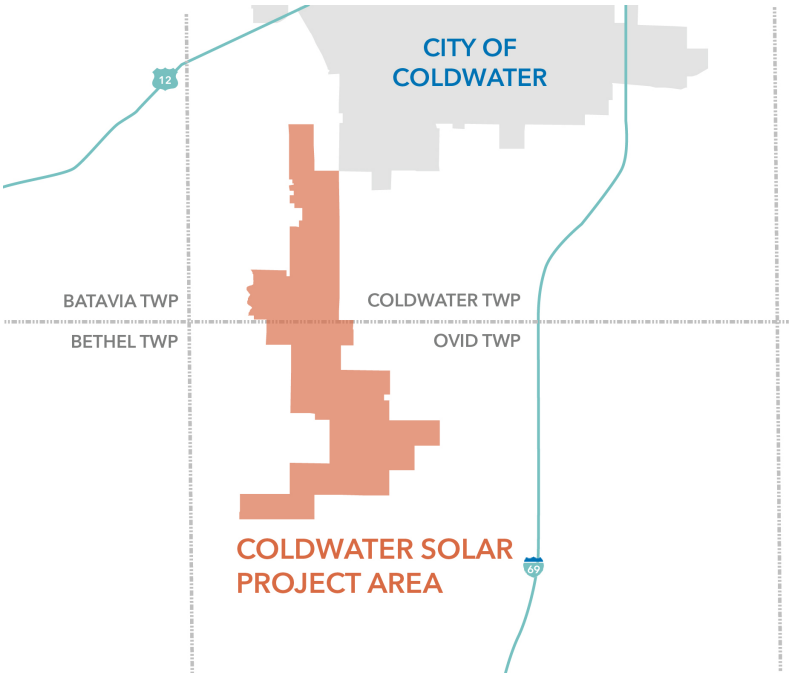

COLDWATER SOLAR

MICHIGAN
COLDWATER & OVID TOWNSHIPS

UP TO
150 MW

HOMES POWERED
OVER 28,000

NEW TAX REVENUE
OVER $30 MILLION

COMMUNITY BENEFITS

- Will bring up to 200 part-time and full-time construction jobs to the community
- Prefunded decommissioning bond ensures local governments and landowners are protected against removal costs
- Existing transmission lines limit the need for new infrastructure
- New source of annual income for local farmers, landowners, and neighboring community participants.
- Over 30 years of annual revenue for local school districts, township governments, and Branch County, averaging over $1 million each year

PROJECT TIMELINE

June 2022	February 2023	Summer 2024	Late 2025
Township Permit Applications Submitted	Township Permits and Site Plan Approved	Anticipated Start of Construction	Expected Commercial Operation
